## **SPECIFICATIONS FOR LUMBER AND BUILDING MATERIALS FOR A PERIOD OF TWO YEARS FOR THE COUNTY OF MERCER AND THE MERCER COUNTY COOPERATIVE CONTRACT PURCHASING SYSTEM**

### **INTENT**

The County of Mercer requests bids for lumber and building materials for a period of two (2) years. Please find the attached summary of building materials. The County shall award multiple contracts based upon low bid for each line item. This is an open-end contract.

The award for Lumber shall be made using the Random Lengths Benchmark Pricing with an upcharge which shall cover all costs including transportation from the mill, to the County and profit. Please forward all questions to [smceachern@mercercounty.org](mailto:smceachern@mercercounty.org).

### **PROPOSAL PAGE**

Bidders shall include a hard copy of the proposal page with their bid as line items shall be read aloud.

County Cooperative Contract Purchasing is a Cooperative Purchasing System that may be created by a county. Using only its own needs, the county advertises for the receipt of bids and awards a contract to the successful bidder. With the approval of both Mercer County and the vendor, contracting units located within the geographic boundary of Mercer County may purchase under the contract subject to its specifications, terms and conditions.

(Open-End Contracts): The right is reserved to decrease or increase the quantities pursuant to N.J.A.C. 5:30-11.2 and 11.10. NO MINIMUM PURCHASE IS IMPLIED OR GUARANTEED.

All transportation charges shall be fully prepaid by the contractor, F.O.B. destination and placement at locations specified by the County. As specified, placement may require inside deliveries.

**Any reference to brand names in the specifications shall be interpreted as brand or equivalent.**

### **LUMBER**

The County of Mercer request that vendors provide Forest Management Certification accredited lumber.

FSC Certification reflects compliance with social and environmental standards. Forest Management *certification* is the *certification* of the forest or plantation area. FSC Chain of Custody *certification* tracks the *FSC certified* material through the production processes all the way to the store. FSC products can

contain parts or proportions which are not fully *FSC certified* which permits inclusion of non-certified material.

FSC Controlled Wood controls the non-certified material in FSC products to avoid timber from the most destructive and harmful practices, such as illegal logging or human rights abuses.

Vendors shall store lumber in a temperature and humidity controlled environment. Lumber shall be stored off the floor to eliminate moisture absorption. Hardwood and softwood boards as well as other dimensional lumber shall be stored flat on racks. Plywood and other sheet goods shall be stored on edge and off the floor.

Lumber shall be properly stored and sheltered from the elements. Lumber shall be Minimum Grade 2 Lumber.

#### **LUMBER BENCHMARK PRICING RANDOM LENGTHS WEEKLY PRICING**

Bidders shall provide an upcharge to the pricing stated in the Random Lengths Weekly Report for all lumber products. The **Random Lengths** Weekly Report provides prices for more than 1,600 items of softwood lumber, panels, and other wood products. The Random Lengths issues weekly pricing with Unitized Loadings. Prices are net F.O.B. in U.S. Funds and Dollars per Thousand Board. Bidders shall factor a percentage upcharge which shall include shipping from the mill to the bidders location(s) and delivery to the County.

#### **PAYMENT**

When invoicing the County for lumber, the awarded Vendor shall attach a copy of the Random Lengths weekly pricing to their invoice and reflect the upcharge on the invoice.
