

PUBLIC NOTICE

Trenton Mercer Airport

Intention to:

File Amendment to PFC Application 15-04-C-00-TTN

File Application to "Use Only" Passenger Facility Charges (PFC)

Mercer County, the sponsor of the Trenton Mercer Airport (TTN), is posting this public notice as part of the Passenger Facility Charge (PFC) process, adhering to the requirements under 14 CFR § 158.24. TTN intends to submit an application to "Use Only" PFCs on one (1) project. The project included within the request was acknowledged by the Federal Aviation Administration (FAA) on June 10, 2015 as part of PFC Application 15-04-C-00-TTN, where authorization was provided to "Impose Only" the PFC. Further, TTN will submit documentation to amend PFC Application 15-04-C-00-TTN. The proposed PFC level of collection is proposed to continue at \$4.50 per eligible enplaned passenger. As a result of this amendment, the total PFC collections in 15-04-C-00-TTN are proposed to increase from \$4,580,191 to \$6,055,191, with collections estimated to be completed by July 1, 2019.

The following one (1) project, previously approved as part of PFC Application 15-04-C-00-TTN, will be included as part of the request for amendment:

PFC Application 15-04-C-00-TTN Amendment Request				
Project Title	Approved PFC Amount	Amended PFC Amount	Change in PFC Amount	Amendment Justification
Project 01-004 (Replace SRE/Broom Blower – Impose Only)	\$150,000 (Pay-As-You-Go)	\$1,625,000 (Pay-As-You-Go)	\$1,475,000/983%	The requested amendment is due to an update in the manner in which the proposed acquisition will be funded. The County of Mercer had previously intended to apply for a grant through the FAA's Airport Improvement Program for 90% of the total acquisition cost. The County will now plan to utilize PFCs to account for 100% of the total acquisition cost. No change in the project scope or description is required.
Summary of 15-04-C-00-TTN	\$4,580,191	\$6,055,191	\$1,475,000/32%	

The following one (1) project is included in proposed request to use PFC revenue (“Use Only”):

Project Included in Request to “Use Only”		
Project Title	Requested PFC Amount	Project Description/Justification
Replace SRE/Broom Blower (Use Only)	\$1,625,000 (100% of Total Project Cost)	<p>Description: The project is to acquire two separate pieces of snow removal equipment that have broom and blower capabilities. This equipment will replace existing equipment (M7 & M16) that were purchased in 1987 and 1993 respectively and are beyond their service life. Additionally, replacement parts are generally only available from after-market dealers and some replacement parts are no longer available at all.</p> <p>Justification: This project replaces existing broom and blower equipment per the Airport’s approved snow and ice control plan requirements. The existing broom and blower were acquired in 1993 and 1987 respectively and are well beyond their service life.</p>

Comments regarding the proposed PFC application and amendments, including agreement or disagreement with any of the proposed projects, or requests for additional information, should be addressed to Ms. Melinda Montgomery, A.A.E., Airport Manager, at the address below:

Trenton Mercer Airport
 340 Scotch Road, Suite 200
 Ewing, NJ 08628-2411
 Attn: Ms. Melinda Montgomery, A.A.E.

All comments must be received **by Monday, February 5, 2018**. Comments received by that date will be considered by the County and will be forwarded with the application and amendment request to the FAA.
