PUBLIC QUESTIONS TO BE VOTED UPON

PUBLIC QUESTION No. 1
CONSTITUTIONAL AMENDMENT TO LEGALIZE MARIJUANA
Do you approve amending the Constitution to legalize a controlled form of marijuana called "cannabis"? Only adults at least 21 years of age could use cannabis. The State Commission is elected to oversee the State's medical cannabis program and would also review the new, non-medical cannabis market. Cannabis products would be subject to the State sales tax.

INTERPRETIVE STATEMENT
This amendment would legalize a controlled form of marijuana called "cannabis." Only persons at least 21 years of age could use cannabis products legally. The Cannabis Regulatory Commission would oversee the new adult cannabis market. This commission would be created in 2019 to oversee the State's medical cannabis program. The scope of the commission's new authority would be detailed in laws enacted by the Legislature. All retail sales of cannabis products in the new adult cannabis market would be subject to the State's sales tax. If authorized by the Legislature, a municipality may pass a local ordinance to change a local tax on cannabis products.

PUBLIC QUESTION No. 2
PROPERTY TAX DEDUCTION AND EXEMPTION FOR PEACETIME VETERANS
Do you approve amending the Constitution to give a 25% property tax deduction to veterans who did not serve in time of war? Do you also approve amending the Constitution to give a $250 property tax deduction to veterans who did not serve in time of war?

INTERPRETIVE STATEMENT
This amendment would give a 25% property tax deduction to veterans who did not serve in time of war. The veto, if the Governor is opposed, would require either a two-thirds majority in both houses or a constitutional amendment to override the Governor's veto. This amendment also adds the 100% property tax exemption for disabled veterans. This exemption applies to veterans who are completely disabled by injury or disease incurred or aggravated in army service. If the Governor is opposed, this amendment would take the form of a constitutional amendment requiring the Senate and Assembly to vote together on the measure.

PUBLIC QUESTION No. 3
CONSTITUTIONAL AMENDMENT TO CHANGE THE LEGISLATIVE REDISTRICTING SCHEDULE IF CENSUS DATA IS DELAYED
Do you approve amending the Constitution to change when new legislative districts are created if the federal census data is delayed? The current COVID-19 pandemic has delayed census data collection. If New Jersey does not receive the census data in time from the Census Bureau, new districts may not be ready in time for the State legislative elections in the year ending in one.

INTERPRETIVE STATEMENT
This constitutional amendment changes when new legislative districts are created if the federal census data is delayed. The United States Constitution requires that a new legislative session convene every two years after the Federal Census is completed. If the federal census data is delayed, the new legislative districts may need to be created in a timely manner to hold elections. This constitutional amendment requires the commission to delay creating new districts for up to two years if the federal census data is delayed. This amendment also requires the commission to delay creating new districts for an additional year if the State does not receive the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt new districts if the Governor receives the federal census data after February 15 of the year ending in one.
