

Mercer County Route 29 Local Concept Development Study

Public Information Center (Open House)

Thursday, April 3rd | 5:00 p.m. – 7:00 p.m.

Cooper's Riverview, 50 Riverview Plaza, Trenton, New Jersey 08611

Presentations at 5:15 PM and 6:15 PM * Light refreshments will be provided *

Mercer County is conducting a Local Concept Development Study to transform Route 29 from Cass Street to Calhoun Street into an Urban Boulevard, improving waterfront access and supporting economic development in downtown Trenton.

Project Goals

- Stimulate economic development
- Provide increased open space
- Improve traffic connections to the downtown street network
- Increase resiliency
- Improve pedestrian access to the Delaware River

The Public Information Center will provide an opportunity to learn about the project, ask questions, and provide feedback.

For those unable to attend in person, the session will be recorded and made available on the Mercer County website: <https://www.mercercounty.org/route29LCD>. There will be a 3 week online comment period following the Public Information Center.

Your input is encouraged as we work to shape the future of Route 29 in downtown Trenton.
