Differentiators

All-Genz MediMatch Recruit delivers human-centered hiring for small to mid-sized practices. With roots in healthcare and community work, we prioritize long-term fit, culture alignment, and intentional growth.

Past Performance

Although All-Genz MediMatch Recruit is newly formed, it's built on several years of recruiting experience in the private sector. From 2007 to 2013, I led full-cycle searches for upper and middle management roles, placing candidates in positions ranging from (JD\$80K-\$150K) These roles demanded strong leadership, discretion, and cultural alignment.

Past or Next Most Relevant Client

My past work focused on sourcing passive candidates for hard-to-fill leadership roles, often under tight deadlines. These experiences now shape All-Genz's approach—intentional, relationship-driven, and tailored to meet the hiring needs of growing healthcare practices. Most placements were completed within 4–8 weeks.
